

Questionnaire: About post telecommunications deregulation to analyse statistical effects on people here.

Do you walk about the hills and shores alone alone,

During leisure walk on the hills or shores, or work outdoors alone

Have you experienced directional light signal projection targeting, while alone  
Regularly rarely never

DO you live alone, this is not a question of where  
What distance would you estimate to the nearest neighbours

Does your neighbourhood have a short wave wireless club. Or security contractor, consultant,

Do you know anything about the common consumer gadget programmes, like  
CCTV I/O ie your ID snapshots input /retrieval  
Organising visual material, snapshots, selfies in folders,  
Video editing or 'snapshot sequencing'  
Accessing video archives

The webcam, elementary snapshot facial editing  
Have you noticed anybody taking Smart phone snapshots of you  
Are you a minor celebrity in any semi professional interest  
Have you got a facebook account with your selfies

If you are single do you consider your privacy and peaceful occupation of the home is being interfered with

If you are not single have you as a couple ever discussed the aforementioned flash card projection nuisance

DO you watch a lot of TV late at night?

If you don't does it bother you that some dirtbags poro collection is aimed at you immediately you retire every night.

DO you experience vivid, even dazzle sequences that seem very like video snapshot edited clips, between 2.30 and 4.30am, again just before waking.

Does the TV licence computer system regularly get your details wrong?

Are you aware of the techniques of collimated, led and coherent light projection who sell the devices on the internet.

Have you heard the description 'Shetland beacons' for the recycled cold war light signal network?

Should the police take a good look at how the leaseholder channels are being used and by whom?

Have you been, or are you a trade union member, or probationary member

Were you ever involved in a 'conscientious objectors' demonstration

Any other petition, demonstration

Do you have any particular party political affiliations

Why answer these questions?

Actually it is up to you to consider whether your profile is a minority targeted by Telecommunications de regulated abusers

How is it Ofcom does not enforce its supposed behavioral standards over telecommunications networks here in the North British isles.

TO dispel Northern Constabulary bi polar attitude to abusive security networking here in the Shetlands, Orkney, Bridge of Don Area Aberdeen and no many of the estates around the H&I , where you theoretically have freedom of access to the countryside. as to whether there are a number of anonymous persons aiming collimated and coherent beam territorial projection outlet devices with internet ammo flash cards around our community, home wreckers , copyright thieves, perverts and lunatics.
